

PROFESSIONAL HOME MANAGEMENT FOR EXQUISITE PROPERTIES

Who We Are

Founded by a team of executives... from Insurance, Financial Services, Real Estate, Leasing, Digital Media, and Internet Industries.

Personally own and manage properties across Arizona, Colorado, Florida, Mexico, Asia, and Europe, frustrated by the lack of quality services for remote owners.

A wholly owned subsidiary of Resource Management Systems, Inc., a successful Colorado business for over 25 years in a highly regulated service industry.

What We Do...

Offer a complete range of services... focused on the needs of the remote luxury home owner.

Focus on the unique needs of the owner – versus the maintenance contractor, potential tenants, etc.

Differentiate ourselves by providing exceptional, premium service – accessible in-person when you need it or online when you don't.
